VOLUME CVIII.--NO. 20. ALEXANDRIA, VA., WEDNESDAY EVENING, JANUARY 23, 1907. PRICE 2 CENTS.

They Stand Alone.

Standing out in bold relief, *all alone*, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—*printed in plain English*. This frank and open publicity places these medicines *in a class all by themselves*, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither *—being of known composition.*

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native, American forest plants. These are best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

HAY FEVER

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

E. S. Leadbeater & Sons, Special Agents.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Dr. Shoop's Restorative

THRILLING RESCUE.

A thrilling tale was told in Providence R. I., Monday night by the survivors of a great storm that raged off Long Island from Saturday night until yesterday. All of them had faced death so long and suffered so severely that at one time none expected to live. One of the survivers, an infant boy, was tied in a dunnage bag and hurled from a tumbling life-boat to the deck of a tug. Another, a girl three years old, also bound in a dunnage bag, was dragged through the seas and landed safely beside her brother. No person was drowned.

The survivors were taken to Providence by the tug Buccaneer, which left Baltimore Thursday afternoon, bound for Providence, towing two immense coal barges, the Annie M. Ashe and the Montana, both of which were lost.

Late Saturday night the vessels encountered a heavy storm off the Highlands of Navesink, and when the tug and her tow reached a point off the lower side of Long Island Sound, the Ashe began to settle.

The tug cut loose from the Montana and went to the rescue of those on the sinking barge. Capt. Lockhardt, of the Ashe, had a lifeboat launched, into which he placed his two children, tied in dunnage bags, and Mrs. Lockhardt. Engineer Knudson took charge of the boat, and when the tug had approached within ten feet of the little craft Engineer Knudson dragged out the bag containing the boy and threw it in the arms of a deck hand He then grasped the bag in which the little girl was imprisoned, and after catching a line from the tug, tied it to the top of the sack. As the boat rose on the cest of a wave he dropped the bag overboard, and the crew of the tug hauled it carefully aboard. Mrs. Lockhardt, frantic with fear, dropped back in a hysterical condition.

Another line was sent whistling into the lifeboat and this Knudson fastened under Mrs. Lockhardt's arms. The woman was dropped into the sea as her daughter had been, and the rescuers dragged her through the seas. But swiftly as they worked, the woman was half drowned when she was seized by kindly hands. Then the men were saved and the barge sank. Later the Montana was abandoned and it, too, went down. Capt. Davis and his three men succeeded, after a desperate struggle, in rowing their boat under the lee of the tug which picked them up.

Argo Red Salmon is cleaned and packed entirely by machine, and not touched by the human hand. After trying it you will use no other. 15 cents per can at all grocers.

Cold Wave in Europe.

The cold wave which was recorded from the Continent of Europe Monday has reached Great Britain. The temperature fell twenty degrees yesterday, and there was a boisterous easterly gale, with threat of snow.

Almost the whole of Europe is now involved in this cold wave, a feature of which has been the suddenness of the fall in temperature in western Europe. There has been a heavy fall of snow at Naples and in the Swiss Alps, while in Germany, Austria, and Russia the severity of the weather is increasing and causing intense discomfort and suffering. Vienna reports the lowest temperature recorded in fifty years.

There have been heavy snowstorms in Bohemia, and hundreds of school children in Galicia have been frostbitten. At Trieste, a bora (a blustering wind that blows over the Adriatic) is raging, and navigation has been suspended.

All of southern Russia and the Black Sea are being swept by a blizzard of extraordinary violence, and the harbor at Odessa is frozen over. Many vessels are ashore in the neighborhood of Odessa, and it is impossible to send them aid. The railroad lines are buried in snow, and communication cannot be maintained. Numerous deaths have been recorded, and the temperature is still falling.

The cold continues at Constantinople, where a slight earthquake was recorded yesterday.

The theomometers in Berlin registered two degrees below zero yesterday and still lower temperatures were recorded in northern Germany. This is colder weather than has prevailed in Germany since March, 1888. There is much suffering among the poorer classes. Navigation of the Rhine is partially interrupted by ice, and railway traffic in central Europe is delayed by the severity of the weather.

A dispatch from Rome says that heavy wind and snow storms throughout the peninsula have been causing serious damage on land, and a number of fishing boats have been wrecked off the coasts.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a large tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

Mothers who give their children Kennedy's Laxative Cough Syrup invariably indorse it. Contains Honey and Tar. Conforms to the National Pure Food and Drug Law. Sold by W. F. Creighton & Co., 401 King street.

Sharp Rebuke to Churches

Chicago churches received a sharp rebuke from Henry F. Cope, secretary of the Educational Religious Association, Monday, for their "sacrilegious neglect" of the Sunday school. He said the Sunday school in Chicago had become sunken to a depth where an oyster supper was considered of more importance.

New methods used to interest the Sunday school children were declared by him to consist of "tinkling, trashy music and bizarre effects" in an effort to gain popularity. Once a year, he stated, the church has a "special spasm" in which it induces as many as possible to "join".

Mr. Cope's remarks on the Sunday school were made during a conference on the church and religious education held at the University of Chicago. He spoke on the subject of "The Present Condition of Sunday School Work in Chicago," and said in part:

"Accustomed to regard the Sunday school as traditional and incidental, without real importance the churches have compelled the schools to shift for themselves, the infants being banished to cobwebby basements to become neighbors to the coal bin and ash pile; the intermediates to squirm in the pews in the auditorium and the saints in the Bible class to sleep in the gallery.

"The church is complaining of the teacher's inefficiency. She is ready to applaud the man who cracks carboniferous chestnuts about the mistakes of the teachers, but she is unwilling to spend a dollar or a thought on the Sunday school.

"We have such dangerous tendencies as to divide the school into two hostile camps to gain scholars, if only temporarily, and many of them are stolen from other schools. Sometimes the winner may enjoy a banquet at the expense of the losing side."

Does Coffee disagree with you? Probably it does! hen try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome nourishing, and satisfying. It's safe even for the youngest child. Sold by E. S. Leadbeater & Sons, druggist.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JAN. 23 1907.

THE BROWNSVILLE discussion was brought to a conclusion in the Senate late yesterday afternoon with the adoption of the compromise resolution presented Monday. It provides for an investigation of the whole Brownsville affair, but disclaims any purpose to question either the legality or the justice of the President's action in dismissing the three companies of negro troops charged with participation in the riot. Senator Foraker, who was compelled, as the author of the original resolution of inquiry, to take charge of the compromise proposition was placed upon the grill by his democratic opponents and reminded over and over again that he had at all times questioned the legality, the justice and the propriety of the President's course. Senators Forsker and Aldrich and those who followed them in the original attack upon the President were in the position of the man who inadvertently took hold of the bear's tail. They simply could not let go. They did not want to pass the compromise resolution. They had not wanted to pass anything after it developed that the President and his followers were in control and had them beaten and frightened into submission. But the President wanted some sort of a resolution passed, and in spite of themselves, Messrs. Foraker and Aldrich had to take their full measure of punishment by doing exactly what the President wanted them to do. The controversy which terminated yesterday was started upon the very first day of the session and now something else will have to be started to kill time, for it is evident that but little legislation other than the passing of appropriation bills will be enacted at this session.

THE BOARD of visitors of the Virginia Military Institute are in session at Lexington considering the escapade of the third class just after the holidays, when they went on a rampage and indulged in a display of fireworks from the roof of the academic building in violation of regulations. A paper was presented to the board yesterday afternoon, signed by the cadets under penalty of dismissal, in which the cadets say that the celebration was done purely in a spirit of fun and in nowise through a vicious or malicious spirit towards the superintendent, the commandant or any one in authority. They further apologize for the infraction of the rules in a spirit of submission. They further ask to be reinstated and pledge themselves in the future to abide by all the rules of the institute. They declare their willingness to submit to any punishment those in authority may deem just to inflict except suspension. It appears that the hindsight of the cadets is better than their foresight and that they have put themselves in a most humiliating position. They knew the rules of the institution before they broke them and should be severely punished for their infraction—that is if the discipline of the V. M. I. is to be maintained.

HAVANA newspapers received in this city during the past few days contain accounts of the brutal assault upon a white woman near the Cuban capital by three negro teamsters in the employ of the United States government. According to these papers, the assailants escaped all serious consequences of their crime and were merely dismissed from the service of the government. So far as we know, scant account of this dastardly outrage has appeared in any of the newspapers of the United States. A few years ago, when Spain was in possession of Cuba, the yellow journals of this country were filled with alleged outrages on Cubans by Spaniards. They contained pictures of women who had been ill-treated, some of whom were represented as denuded while being searched. These papers were circulated broadcast by thoughtless publishers who were fanning the flame which finally brought on an armed conflict between Spain and the United States. It is strange that such sensational papers failed to hear of the recent brutal treatment of a white woman by negroes sent to Cuba by the United States.

BY A vote of 26 to 8 the Delaware House yesterday passed the bill presented by Mr. Holcomb, democrat, of New Castle, providing that a surgical operation shall be performed on all men convicted of attempting to assault women in Delaware. The operation must be performed within 20 days after conviction and constitutes a penalty in addition to the existing imprisonment sentence of 20 years. The bill now goes to the Senate. The plan has many supporters in both political parties. When this bill shall have become a law it will be a powerful deterrent to would-be assailants of women. It is an ancient remedy, but it is believed to be the most effectual.

MR. JOSEPH W. BAILEY was yesterday re-elected United States Senator by a vote in the two branches of the Texas Legislature of 108 to 45. Ugly charges had been brought against Mr. Bailey which, however, were never believed by his familiars and yesterday's vindication of him by the people of his own State, those who are supposed to know him best, will probably put a stop to the circulation of such stories.

A large delegation of independent powder manufacturers called at the White House today to lodge a complaint with President Roosevelt against the Du Pont International Smokeless Powder Company, of which Senator Dupont of Delaware is one of the principal stockholders. The President was told by the delegation that the Dupont company, or the "trust" is making enormous profits out of the Government and is making use of these profits to drive competitors out of business. Today's Telegraphic News

Stories of Refugees.

New York, Jan. 23.—With the publication today of the stories of American refugees from Kingston, who arrived on the Prinz Eitel Freidrich, telling of the slights and actual cruelties practiced upon helpless Americans in the earthquake city by British officials and citizens, sentiment is rapidly crystallizing into a feeling of resentment against all things British. The action of Governor Swettenham in ordering the American relief warships from Kingston in the light of the developments has assumed a new significance.

Hitherto the feeling has been that Swettenham had merely "made an ass" of himself, but today there is a general feeling that there was more in the incident than appeared on the surface. Americans, the refugees charge, were denied food and drink, forced to live on an unprotected open deck, while friends of Sir Alfred Jones were entertained sumptuously on board the steamer Port Kingston owned by the line dominated by Jones.

American women were denied the privilege of even sleeping on the decks of the Port Kingston.

The charges of the American refugees are summarized in a resolution adopted by the entire crowd on board the Prinz Eitel, addressed to the "general public and international press."

The evidence of these refugees also refutes the insinuations that Admiral Davis may have "butted into" the situation to invite the rebuff of Governor Swettenham. Father O'Donovan stated that Mr. Andeason, the Jamaican colonial secretary, requested the naval officials to give aid.

Kingston, Jamaica, Jan. 23.—Hospital conditions in Kingston are today attracting the greatest interest because of their terror. The famine on medicines and anaesthetics has brought many of the victims into a pitable plight. It is still necessary to preform operations and amputations while patients are conscious, and their sufferings are terrible.

Gangrene has set in in many cases where persons were operated upon in the first few hours after the shock, owing to the crude manner in which limbs had to be cut away. Tetanus has also resulted in several cases. The field hospitals today, nine days after the shock, are places of torture. There have been many noble workers to relieve the distress of the sufferers. Among them is Lady Swettenham, wife of the Governor. While everyone continues to execrate Swettenham, the services of his wife have aroused the greatest admiration. Putrid bodies are continually being unearthed. Scant attempt is made at identifying the decomposed remains. Generally they are thrown onto the ever burning funeral pyres at once.

A trip through the country today shows that the earthquake traveled a straight path from Bluff Bay to Kingston. This path for a width of five miles is devastated. Other sections of the country suffered slightly.

In view of the neglect and cruelty which have been shown Americans in Jamaica by English officials, a development which has just come to light assumes interest. On the Wednesday following the shock, 200 Americans met and adopted a resolution expressing sympathy with Governor Swettenham and the Jamaican sufferers and promising all aid they could give "in the glad recognition of the bonds of human kinship which unite us." A relief fund of $22,000 was subscribed. Yesterday a meeting of merchants of Kingston was held to denounce Swettenham's treatment of Admiral Davis.

The Thaw Trial.

New York, Jan. 23.—Harry Kendall Thaw came to his trial today for the murder of Architect Stanford White on the roof of Madison Square Garden on the night of June 25, of last year. As had been anticipated, the court room was densely crowded. The court officers had made every preparation for the preservation of order. All eyes were directed toward the prisoner when he was conducted into the room.

Shortly after ten o'clock the Thaws edged their way. In the party were Mrs. Wm. Thaw, mother of Harry Thaw; Mrs. Evelyn Nesbit Thaw, the artist model wife; the Countess of Yarmouth the titled sister of the defendant; Mrs. George Carnegie, a sister of Thaw, and Miss May McKenzie, a chorus girl friend of Evelyn Nesbit Thaw. The party was accompanied by Edward Thaw, a brother of Harry Thaw, and George Carnegie.

Court officers escorted the Thaw party to a row of seats just in the rear of the counsel table and the defendant's chair.

The countess sat on the end of the row next to Mrs. Carnegie, who sat beside Mrs. William Thaw. On the left side of the aged mother sat Mrs. Evelyn Nesbit Thaw and on the other end of the row sat Miss May McKenzie. The two men sat on front. All the ladies wore heavy veils.

The formality incidental to the preliminaries of the trial occupied considerable time. The work of selecting the jury was then proceeded with. But two were selected, after which the court took a recess.

It is now known that the defense will plead emotional insanity.

Brought Back to Life.

New York, Jan. 23.—Rev. William Randolph, of the West Nyack Reformed Church, although probably as near death as a human being could be and live, having stopped breathing and having manifested other fatal signs, such as showing no feeling in the eyeballs, was brought back to life by Dr. Louis Bradford Couch on Sunday morning after nine hours of incessant application of stimulants and artificial respiration. During the treatment the tongue of the patient had to be forcible held forward to prevent it from closing the epiglottis and causing suffocation. Mr. Randolph is now on the road to recovery,

It was a case of severe double pleuro-pneumonia. After Mr. Randolph had been ill for a week his heart began to weaken, and he was treated to subcutaneous injections of strychnine. This seemed to have little effect, and whisky was tried, and then fluid extract of digitalis. Early on Sunday morning the patient began to sink, and, while the stimulants were being administered to quicken the intermittent pulse, suddenly stopped breathing. Then, while one nurse held his tongue forward with a pair of forceps and another performed artifical respiration, Dr Couch injected does of all three stimulants. The doctor and nurses worked in overcoats, as the windows had been thrown open. After nine hours they were rewarded by seeing the patient's eyes close again and hearing him breathe regularly.

Destructive Fire in Richmond.

Richmond, Va., Jan. 23.—Fire that originated at two o'clock this morning in the Surbrug tobacco factory, corner of Ninth and Cary streets, and totally destroyed that building, including the offices of the Adams Express Company and the Armory of the Richmond Light Infantry Blues, has now spread to other buildings on Cary street, with the entailment of a probable property loss of over half a million dollars. The fire is still burning.

The firemen encountered the greatest difficulty in fighting the fire, as a high wind from the northwest is prevailing which is fanning the flames beyond their control.

One fireman was seriously if not fatally injured by falling walls.

The Blues have practically lost everything in the world the battalion had in the way of uniforms, guns, ammunition and everything that goes to equip a battalion of infantry.

Twenty-five hundred cartridges were exploded by the heat. Several firemen had a narrow escape in the alley between the building and brick structure of the Chamber of Commerce, when the wall on the north side of the burning structure tumbled down. After this wall had fallen the flames seemed to leap to the south side, and there devoured the building within a few minutes.

Boni struck the valet in his face with his cane and then beat a hasty retreat.

New York Stock Market.

New York, Jan. 23.—The Hill stocks, resuming from the restraint of the increase of the Great Northern capital until approved by the Minnesota Railroad Commission, were lower. Great Northern declined 3½ and Northern Pacific 3 per cent. Both stocks quickly recovered the larger part of these losses and were firm at the end of the first hour. The general list shaded off in sympathy with the Hill stocks in the first few minutes, but the losses in the majority of cases were limited to small fractions.

BOARD OF ALDERMEN.

Vice President Curtin presided in the the Board of Alderman in the absence of President John T. Sweeney, who is still confined to his home by illness.

After the reading of the minutes of the last meeting, Mr. W. H. Sweeney, from the finance committee, presented the ordinance imposing taxes on persons, property, &c., for the year commencing June 1, 1907, and ending May 31, 1908. The bill, save in two particulars, is identical with that of last year. The provision exempting from taxation machinery used for manufacturing purposes has been eliminated because of the unconstitutionality of the exemption; every male inhabitant of the city over 21 years of age is required to pay a capitation tax. Heretofore all over seventy were exempt. The ordinance was read the second and third times and passed by a unanimous vote.

Mr. Sweeney also reported in favor of making an additional appropriation of $550 for the manitenance of the chain gang, and the report was adopted.

An unfavorable report of the finance committee on a petition of Alonzo Travers to be relieved of the payment of interest on certain delinquent tax bills was adopted.

Mr Evans thanked the committee for the trouble they had taken, but said that nowhere else in the city did people have to walk in the gutter to get out of the mud. An ordinance to fix the grade of Wilkes street from Alfred to Patrick was agreed to.

An ordinance fixing the grade on the west side of Alfred street, between Wilkes and Gibbon streets was presented but was objected to by Mr. Uhler, on the ground that it should cover both sides of the street. He said damage suits might result from having a grade on but one side of the street.

Mr. Leadbeater said similar objection might be urged to grading any of the streets.

The ordinance was referred back to the committee with instructions to report a grade for both sides of the street.

A resolution appropriating $100 to repair the crossings at the intersection of Oronoco and Patrick streets, was reported favorably and adopted.

It was also recited that a committee consisting of Judge L. C. Barley, James R. Caton, and Gardner L. Boothe had been appointed to confer with City Engineer Dunn with reference to the desired alterations.

Mr. Marshall then offered a resolution for the appropriation of $5,000 for the proposed improvements, which was referred to the joint committee on finance and public property.

The resolution provides for placing the record room and the clerk's office in fire-proof condition, for furnishing metal filee, and for renovating and repairing the courtroom, the jury room, the hall and other apartments in that section of the building on the second floor.

The action of the Aldermen in making an appropriation of $500 to meet a deficiency in the appropriation for the chain gang for the year ending May 31, 1907, was agreed to.

The annual tax bill passed by the Aldermen was received and laid over till the next meeting.

Mr. Evans offered a resolution requesting the Corporation Attorney to render an opinion as to the authority over Wilkes street west from Alfred street. The resolution was referred to the committee on general laws and streets.

Girls' Friendly Society.

Tomorrow, Thursday, at 8 p. m., in the Parish Hall of Christ Church, Mrs. Henrietta Irving Bolton, of Washington, will give a talk on the subject of "The Girls Friendly Society," to which the members of the society, their friends and the public generally are cordially invited. This society is the largest organization of women and girls in the world, and no one could be better qualified to tell of it and its fruits than Mrs. Bolton, whose life work has been to promote it. Mrs. Bolton, who is the great niece of Washington Irving, is a woman of high culture, great personal magnetism, and a most eloquent speaker. She is the diocesan president of the G. F. S., in Washington, and as one of the vice presidents of the society in America, has been given the supervision of Virginia and other southern dioceses.

Mr. Brookes Discharged.

Mr. A. Powell Brookes, of Alexandria, has been discharged from the custody of the Corporation Court of Winchester, and the case against him, which has attracted so much attention, nears its close. The failure of the grand jury Monday to return a true bill against him resulted in Judge Atkinson's order for his release from custody. The failure of Mrs. Alexander M. Baker to appear against Mr. Brookes has resulted in the execution of a writ against Mrs Baker to show why she shall not be fined $100 for contempt of court, and the commonwealth's attorney will also seek to have the costs of the case assessed against her. Monday, February 4, is the date set for the return of the writ.

Installation.

The meeting at St. Mary's Hall last night of the Daughters of Isabella was interesting and pleasant throughout and all present were greatly pleased with their evening's experience. The principal features were the installation of the newly-elected officers and the banquet which followed, the Knights of Columbus participating in the latter. The following was the menu furnished by the ladies: Oyster cocktails, fried oysters, celery, olives, mixed pickles, catsup, roast turkey, cranberry jelly, country ham, potato salad, cold slaw, sliced tomatoes, oranges, malaga grapes, cigars and coffee.

At the close of the feast Rev. Father Healy, of Philadelphia, spoke in a very interesting and instructive manner on "Catholic Womanhood." He was followed by Mr. Shebey, of Washington, who delivered an interesting address on "Columbus and Isabella." Dr. E. A. Gorman responded in an appropriate and intersting manner to the sentiment, "Our Order." During the evening Messrs. James Roche and Daniel Boone, and Mrs. A. O'Sullivan made fitting remarks.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by E. S. Leadbeater & Sons, druggists.

Mr. Stewart is a native of Alexandria, and is a well known and popular minister of the gospel.

SENATOR BAILEY RE-ELECTED.

J. W. Bailey was re-elected to the United States Senate from Texas yesterday.

There were 147 votes cast in the two branches of the legislature, and of this number he received 107 votes. The remaining forty votes were scattered among nearly that number of men whose names had been either placed before the respective branches as candidates or were voted for without that formality. The anti-Bailey vote was not much smaller than the more conservative political observers had predicted during the last two or three days.

Fifteen Representatives and Senators went on record as not voting. As the non-voting members, as far as known, had been classed as belonging to the anti-Bailey faction, had they voted, the opposite strength would only have been 55.

The vote of the House was 89 for Bailey and 37 scattering. In the Senate the vote was 18 for Bailey and only three scattered.

The results of the vote of the two branches of the State legislature will be confirmed and the election of Mr. Bailey formally announced at a joint session to be held today. Mr. Bailey will be present and deliver an address of acceptance of the nomination. The nominating and seconding speeches yesterday occupied nearly three hours, the balloting in the respective branches not being finished until 3 p. m.

The scene, when the result of the vote was announced in the House, was one of wild excitement and enthusiasm. The members and the crowds in the gallery cheered the name of Bailey and yelled themselves hoarse. Pandemonium reigned for several minutes. The plan adopted by the anti-Bailey representatives and Senators to scatter their votes with the view of preventing a majority being given to Mr. Bailey upon the first ballot caused many favorite sons to be honored with the nomination or to be favored with votes for United States Senator.

The investigating committee of the House held a brief session yesterday evening. It is stated that the election of Mr. Bailey will not prevent a thorough investigation being made of the charges against him, which are pending before it.

CONGRESSIONAL.

Without the formality of a vote, the Senate yesterday evening passed the compromise resolution on the Brownsville affair.

Substitutes offered by Senators Mallory, Culberson, and McCumber were voted down. The test of strength came over the Mallory amendment, indorsing the President and justifying his act, which was tabled by a vote of 42 to 22.

Mr. Foraker immediately moved to send the resolution to the committee audit and control the contingent expenses of the Senate to secure authority for the expenditures of the inquiry. Mr. Kean, chairman of that committee, immediately announced he had been authorized by that committee to make a favorable report on the resolution, and this report was agreed to.

During the debate Mr Heyburn took occasion to review Senator Tillman's "attempt at humor" on Monday. He said he had taken no offense at the reference to himself in Mr. Tillman's characterization of the Senate as "a minstrel troupe," and was sorry the Senator from Tennessee (Mr. Carmack) and the Senate had eliminated it from the Record. He was opposed to having the Record "a tomb for platitudes," and he hoped Senator Tillman would reconsider his resolve "not to do so again," but would "soften his tone" and make many future attempts.

The House amendment to the bill prohibiting campaign contributions from national banks and corporations was concurred in by the Senate.

The House passed the diplomatic and consular bill and the military academy bill, Mr. Sherley, of Kentucky, discussing the Japanese treaty question, and Mr. Slayden, of Texas, the President's alleged partisanship in appointing consuls and diplomats. The academy bill was amended so as to require West Point plebes to go to the academy in March, instead of June.

During debate on the diplomatic bill yesterday Mr. Longworth urged higher salaries for American Ambassadors.

Rate Hearing at Richmond.

Representatives of the steam railway companies operating in Virginia appeared yesterday in Richmond before the State corporation commission to show cause why a general 2-cent passenger rate should not be adopted by the railroads operation in Virginia. In connection with this hearing the case instituted against the Southern Railway Company by the Travelers' Protective Association several years ago to compel that company to issue tickets at a 2-cent rate will come up.

W. S. Bronson, assistant general passenger agent for the Chesapeake and Ohio Railway, was the witness yesterday. He said the maximum rate of the Chesapeake and Ohio Railway Company was 3 cents a mile, with the exception of the Warm Springs and Craig Valley divisions, where the rate is 4 cents. In explaining how rates are made, he said:

"We consider the population of the section through which the road runs; the commercial, social, and competitive conditions. Some of these rates, notably the commutation rate for suburban patrons, run as low as one-half of 1 cent a mile."

He declared that as Virginia is one of the sparsely populated eastern States, a 3-cent rate in Virginia is equal to a rate of nine-tenths of 1 cent per mile in New York, where the population per square mile is more than three times greater than in Virginia.

It developed in conversation with attorneys yesterday that state ownership of stock in the Richmond, Fredericksburg and Potomac road may cut an important figure in the matter of lower passenger rates. It was pointed out in behalf of the Richmond, Fredericksburg and Potomac that the new reduced rate would curtail the profits of the company by $140,000, and that the state itself would suffer.

At Ormond Beach, Fla., today L. H Pearlmann in a Welch car won the 20 mile standing start event for American touring cars in 23:32 4-5. This is a record for touring cars fully equipped.

SENATE.

The Senate agreed to a resolution directing the Secretary of War to send to it at once the report of the special board appointed to investigate the Ohio river improvement.

The Senate passed a bill granting homestead settlers in Idaho three months' leave of absence without prejudicing their claim.

The Senate today passed a bill fixing the compensation of the appraiser at the port of New York at $8,000 per annum.

The credentials of Senator-elect Norris Brown, of Nebraska, were presented and Mr. Millard introduced his successor to a number of Senators.

The Senate agreed to increase the salaries of Senators and Representatives from $5,000 to $7,500.

Mr. Beveridge then took the floor and made a speech in opposition to child labor.

HOUSE.

The House today took up the consideration of the pension appropriation bill, carrying an appropriation of $137,000,000.

A feature of the bill is the discontinuance of one-half of the eighteen pension agencies throughout the country.

The House committee on ways and means today ordered a favorable report on the McCall bill authorizing the Secretary of the Treasury to increase and fix the salaries of customs inspectors not to exceed $5 a day.

When Chairman Gardner (republican, Michigan,) sought to defend the pension appropriation bill, he was asked what reasons there are why Congress should not abolish all the eighteen pension agencies and centralize the work in Washington. "Theoretically and from a business point of view, none; from a political point of view there are eighteen reasons," he replied.

WEDNESDAY EVENING, JAN. 23, 1907.

Story of the Origin of "In the Sweet By and By."

A song of national circulation, "In the Sweet By and By," written by S. Fillmore Bennett of Elkhorn, Wis., had its birth in a country store. Mr. Bennett told the story, which is given in "Wisconsin In Three Centuries," as follows:

It was about time for closing business in the evening when J. P. Webster, whose melodies have made Wisconsin famous, came into the store, feeling somewhat depressed.

I said to Webster, "What is the matter now?"

He replied, "It is no matter; it will be all right by and by."

The idea of the hymn came to me like a flash of sunshine, and I replied: "The sweet by and by. Why would not that make a good hymn?"

"Maybe it would," he said indifferently.

I then turned to my desk and penned the hymn as fast as I could write. I handed it to Mr. Webster. As he read it his eyes kindled and his whole demeanor changed. Stepping to the desk, he began writing the notes instantly.

In a few moments he requested Mr. Bright to hand him his violin, and he played with little hesitation the beautiful melody from the notes. A few moments later he had jotted down the notes for the different parts and the chorus.

I do not think it was more than thirty minutes from the time I took my pencil to write the words before the hymn and the notes had all been completed and four of us were singing it exactly as it appeared in the Signet Ring a few days later and as it has been sung the world over ever since.

Knew the Measure.

"When you get your groceries today," said the butcher to his wife, "don't go to that little grocer next door to my shop."

"Why not?" she demanded.

"Because he sent in yesterday and borrowed an old pair of scales."

Why She Couldn't.

"No, I didn't have a very good time," she said. "I wanted to talk, and there wasn't a man there."

"But there were plenty of other girls."

"Oh, of course, but that was no satisfaction, for they all wanted to talk too."

Unfair.

Another unfair thing in life—the bride, with a wealth of hair, wears a veil, but the groom, who has a bald spot and really needs a veil to cover it, is denied the privilege.—Atchison Globe.

The noblest motive is the public good.—Virgil.

A Collector of Snuffboxes.

The only expensive personal fancy of Frederick the Great, it is said, was his hobby for collecting snuffboxes, of which he left as many as 130, approximately valued at $1,300,000. Lord Malmesbury says that one could hardly approach the king without sneezing. Two thousand pounds weight of Spanish snuff had always to be kept in store, but smoking, on the other hand, was an abomination to Frederick.

Choice of Evils.

Smiley—I hope you won't mind if I bring a friend home to dinner tonight, dear. Mrs. Smiley—Oh, no, sir. That is better than being brought home by a friend after dinner.—Chicago News.

Girl Friendship.

Edith—Did you sing for Mr. Boreleigh last night, Ada—Yes, I sang almost a whole hour for him. Edith—I'm so glad to hear it! I've always had the greatest aversion to that man!

In reality history is of no avail. Humanity is caught every day with traps that have served before.

Pleasant Punishment.

Pastor—I hear that the lightning struck your house, Hohenbauer. That is a punishment for your wickedness. Peasant—Well, sir, it's a punishment I wouldn't mind having again, for I got 4,000 marks insurance from it.—Lustige Blatter.

Sleep.

Now blessings light on him that first invented sleep. It covers a man all over, thoughts and all, like a cloak; it is meat for the hungry, drink for the thirsty, heat for the cold and cold for the hot.—Cervantes.

Quite Different.

He—But I thought you'd forgiven me for that and promised to forget it? She—Yes; but I didn't promise to let you forget I'd forgiven it!

Some men are born great, some achieve greatness and some couldn't tell to save their necks how it happened.

There is nothing more dainty for a picnic or luncheon, than Argo Red Salmon sandwiches or salad. The Cook Book tells you how to prepare them. Ask your grocer.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember its made alone for Piles—and it works with certainly and satisfaction. Itching, painful, protruding, or blind piles disappear like magic by its use. Try it and see! Sold by E. S. Leadbeater & Sons, druggists.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Croup can positively be stopped in 20 minutes. No vomiting—nothing to sicken or distress your child. A sweet, pleasant, and safe Syrup, called Dr. Shoop's Croup Cure, does the work and does it quickly. Dr. Shoop's Croup Cure is for Croup alone, remember. It does not claim to cure a dozen ailments. It's for Croup, that's all. Sold by E. S. Leadbeater & Sons, druggists.
